

Discover the Untapped Potential of Green Economies Within the Islamic World!

## Green Business Opportunities in the Developing Islamic Economies

Join us for a workshop with Circle Economic Company (CEC) at the upcoming Private Sector Forum 2024 and IsDB Group Startup Pitch Competition 2024, promoting sustainable futures for the Islamic world.

### OUTCOMES:

Green Economy in Islamic World

- Understanding environmental awareness, government initiatives, and Islamic stewardship principles.
- Exploring renewable energy, sustainable agriculture, eco-tourism.
- Navigating Islamic finance for green ventures and strategic partnerships.

Green Business Opportunities in Developing Islamic Economies" is a focused 2-hour workshop designed for startups, established green businesses, policymakers, country representatives, and financial institutions. This workshop fosters collaboration and knowledge-sharing.
